JOB ANNOUNCEMENT

ASSISTANT CITY ENGINEER

The City of Statesboro, a thriving community located in Southeast Georgia approximately fifty minutes from Savannah and one hour from the beaches and has one of the fastest growing universities in the south, is seeking a motivated individual with an aptitude for plan design, plan review, and computer technology.

Duties include assisting the City Engineer with engineering design, construction management, planning, development plan review, computer mapping/drawing, and regulation compliance. Preferred applicants will have at least two to three years of experience in one or more of the following areas: infrastructure design, surveying, auto-cad or computer drafting, environmental regulations, site inspections, working with contractors and various governmental agencies.

The successful candidate should display superior written and oral communication skills. Desired minimum qualifications include a B.S. Degree in Civil Engineering or a combination of similar education and experience, applicants with a EIT-Certificate or a P.E. license will be given preference. Salary will be commensurate with education and experience, the city also offers an excellent benefit package. Position will remain open until filled.
